TESTIMONIALS

“Esvee atelier is a phenomenal furniture maker. Right from the time we contacted them they were very systematic in their approach, understanding our design needs. I have reached out to them for the most mundane questions and they always have replied promptly and patiently. The finished products are stunning and are always a centre of attraction. We proudly tell our guests each time esvee atelier made them.”

- RAM GAUTHAM

CHENNAI

“Their philosophy behind the Oakwood they work with & their craftsmanship, the details they get into while planning & visualizing along the way, including fabrics, colors, structures, what-complements-what among other things, gave us a lot of confidence that we were working with the right people. It reeled us in. We're very happy with the investment as the stuff that showed up a few weeks later after we ordered, is all of stellar quality with impeccable workmanship”

- ABHIK SANYAL

MUMBAI

“Esvee atelier is synonymous with great quality and beautiful aesthetics. Each of their piece is unique and functional and has a story behind it. To top it all they use a sustainable and environmentally friendly approach in the making of all their products . I personally got a bed from them for my master bedroom from the Mangrove collection. It's an art piece in itself and makes my whole room come alive.”
